GENERAL

The purpose of the Georgia Department of Banking and Finance (Department) Applications Manual is to provide all users a detailed guide to the processes and procedures involved in the various corporate transactions requiring Department approval, registration, or notification. The Applications Manual is available on our website at: <https://dbf.georgia.gov> under Forms and Applications. Generally, applications and related fees should be submitted electronically; however, payments for the Secretary of State that are required to be remitted to the Department on behalf of the applicant must be in the form of a check made payable to the Secretary of State. Please contact your Supervisory Manager or DBFCorp@dbf.state.ga.us if you need assistance.

The Applications Manual is designed to supplement the Financial Institutions Code (Title 7), the Department's Rules and Regulations, and the Department's Statement of Policy by providing certain details related to corporate transactions requiring regulatory approval, registration, or notification. The Applications Manual will routinely refer to the Department's Statement of Policy as it guides you through the application process.¹

The corporate processes described in this manual are under continuous review and are regularly modified to reflect current standards in processing regulatory transactions. Where appropriate and when a bank qualifies, the Application Manual will provide for expedited processing. The Department's goal is to always provide timely decisions on any process requiring its approval, registration, or notification.

Specifically, for each identified corporate transaction process, the Applications Manual will identify:

- 1) Relevant laws and regulations;
- 2) Application, notification, or registration procedures;
- 3) Documents required;
- 4) Processing time; and
- 5) Fees.

The Department believes this manual will help explain the corporate application process. If you have questions about the content of the Applications Manual, please consult with your assigned Supervisory Manager or DBFCorp@dbf.state.ga.us.

¹In the event of any conflict between the Applications Manual and Georgia Law, the Department's rules and regulations, or the Department's Statement of Policy, such other provisions shall control over the Applications Manual.

Rule 80-6-1-.04 Qualifying Criteria for Expedited Processing: Establishment of a De Novo Wholly Owned Bank Subsidiary By a Holding Company Lawfully Operating in Georgia

CRITERIA FOR EXPEDITED PROCESSING OF BANK APPLICATIONS

Only a holding company which has lawfully purchased or acquired a bank in Georgia may qualify for expedited processing to form a de novo bank, pursuant to O.C.G.A. § 7-1-608(b)(3). Expedited criteria includes the following:

- The holding company and existing depository bank(s) must be well capitalized as defined in the appropriate capital regulation and guidance of the institution's primary federal regulator;
- The holding company and existing depository bank(s) must have received a CAMELS composite rating of "1" or "2" as a result of the most recent state or federal examination;
- The existing depository bank(s) must have a satisfactory or better compliance rating and Community Reinvestment Act rating from its primary federal regulator at its most recent examination; and
- The existing holding company and depository bank(s) must not be subject to any agreements, orders, prompt corrective action directives, or other enforcement or administrative agreements with the Department, its primary federal regulator, or other chartering authority.
- In addition, the Department may deny or remove from expedited processing any bank's application where it finds that:
 - Safety and soundness concerns of the Department dictate a more comprehensive review;
 - Other supervisory concerns, legal issues, or policy issues come to the attention of the Department;
 - Any material adverse comment is received by the Department; or
 - Any other good cause exists for denial or removal.

In the event the Department determines expedited processing is not available, the applicant will be notified of the fact with the reason for the decision and instructions as how to proceed.

EXPEDITED PROCESSING APPLICATION PROCEDURES

Since all banks in the State of Georgia must have federal deposit insurance coverage, under expedited processing procedures a holding company is required to submit the "Interagency Charter and Federal Deposit Insurance Application" to both the FDIC and Department simultaneously. The applicant will be notified within seven (7) business days of receipt of the application. The Department will also notify the applicant when the application is substantially complete. In the event the application does not qualify for expedited processing, the Department will use its best efforts to advise the applicant of this fact within five (5) business days of receipt. In such cases, the applicant may file an application that will be processed under regular processing procedures. The Department and the FDIC, or FRB in the case of a holding company applying for a FRB-member bank, may waive a formal field investigation. However, if a field investigation is determined to be necessary, the field investigation will be joint with the federal regulator(s), when possible.

The Department will request previous examinations and/or ratings of any non-Georgia state-chartered bank(s) wholly owned by the applicant holding company as well as any non-Georgia state-chartered holding company from the appropriate federal or state regulators. The Department may conduct an examination into the condition of the non-Georgia state-chartered bank and/or holding company to the extent deemed necessary to review the condition of the financial institution and other operating factors. The cost of such examination shall be charged to the applicant in addition to the normal charter fee.

EXPEDITED PROCESSING DOCUMENTS REQUIRED

- Interagency Charter and Federal Deposit Insurance Application and all required exhibits. **NOTE:** Where the de novo bank is purchasing and assuming the assets/liabilities of an existing branch(s), the amount of information required in support of the Convenience and Needs factor may be abbreviated since the bank would be replacing a competitor in the market.

- Name reservation as defined in the "Name Permission, Reservation, and Change" section of this Applications Manual.
- Financial and Biographical forms on all proposed Directors, Officers, and shareholders of 10% or more. **NOTE:** An expedited application may be granted waivers on submission of certain financial and background information on the organizers.
- Upon request of the Department, Credit Reports on all proposed Directors, Officers, and shareholders of 10% or more.
- Articles of Incorporation with original signatures and a check made payable to the Secretary of State for the applicable fee.

Chapter 80-1-1 Applications, Registrations and Notifications

Rule 80-5-1-.03(2)(e) Examination, Supervision, Registration, Application and Other Fees for Financial Institutions and Nonbank Subsidiaries of Banks or Holding Companies

General Comments:

- If the application involves acquisition and immediate merger of a financial institution also refer to the procedures for holding company acquisitions. The processing time will be the same as for a holding company acquisition.
- If the merger involves two unaffiliated holding companies, the transaction will be treated as an acquisition by the resulting holding company with immediate merger of the holding company being acquired. See holding company acquisitions.
- In the case of the merger of two holding companies, the Department approves the merger not the Articles of Merger. Articles of Merger are filed directly with the Secretary of State, not with the Department as in the case of a bank merger.
- If the merger involves two holding companies which are already affiliates, a letter form application is all that is necessary since the transaction will be considered a restructure. Additionally, no public comment publication is necessary since publication was made at the time of acquisition.

The letter form application must include, at a minimum, the following information: (1) general comments stating overall purpose for merger, general business strategy, and products and services currently provided; (2) current name, proposed name, current primary office address, and branch locations; (3) key officers and contact information; (4) a copy of management's response to the most recent examination conducted by the regulatory authority; (5) overview or copy of the current strategic/business plan and budget including any anticipated changes in operations, capital raise, management, strategy, market area, main office location, funding, loan composition, portfolio, products, or services post-merger; (6) list of subsidiaries or affiliates of bank or holding company and the activities which they perform; (7) copy of any agreements or administrative actions between the financial institution and regulatory authorities; (8) identify any fiduciary powers to be exercised; and (9) desired effective date of merger.

If approved, the Department will give the Secretary of State written notice of approval with a copy of the Articles of Merger and Notice of Merger.

The Department will request previous examinations and/or ratings of the bank from the appropriate federal or state regulators. The Department may conduct an examination into the condition of the non-Georgia state-chartered bank to the extent deemed necessary to review the condition of the financial institution and other operating factors. The cost of such examination shall be charged to the applicant in addition to the normal merger fee.

PROCESSING TIME

Within 90 days after receipt of the required filings, or within an additional period of not more than 30 days after an amendment to the application is received, the Department shall, in its discretion, approve or disapprove the merger. Additionally, the Department has discretion to not act on an application until the federal agency has approved it.

If the merger involves two or more depository institutions or two or more holding companies currently owned by the same holding company, the Department should issue an approval or disapproval within seven days of receipt of the letter form application unless additional information is required.

FEES

\$4,500
